

## Calloway Creek MOB + Electric Vehicle Charging

The North Hills campus has charging for electric vehicle (EV) drivers to plug in and power up. As part of our commitment to supporting sustainable programs, we're excited to have partnered with ChargePoint to install a convenient electric vehicle charging station.

The ChargePoint network includes independently owned and operated EV charging stations, providing drivers with access to charge on the go.

### How to charge:

+ Location: [4300 City Point Drive, North Richland Hills, Texas](#)

+ Parking: Charging station parking is reserved for electric vehicles only and parking is limited to time of charging.

+ Start Charging Today – [www.chargepoint.com/get.started](http://www.chargepoint.com/get.started)

- If you are already a ChargePoint member, you can start charging your car today
- Sign up for a [Free ChargePoint card](#) (which works like a TollTag) and set up an account
- Hold your ChargePoint card over the station's reader symbol.
- After the station authorizes you, remove the charging station's connector by pressing down on the button at the top of the handle while pulling the connector from the holster.
- Plug the connector into your electric vehicle. The station will display a message indicating the vehicle is charging.
- Questions? Watch the [Charging On The Go](#) video.

+ Pricing: Register with ChargePoint to receive discount pricing for building tenants of \$0.75/hour for the first 4 hours and \$2.00/hour after 4 hours, with a maximum of \$25 per day.

### Charge happy and smart with mobile and online features unique to ChargePoint:

- + Find and reserve charging stations (free and paid)
- + See real-time station availability on the ChargePoint app and website
- + Get mobile alerts (charging available, interrupted, or complete)
- + Track your gasoline savings and green footprint
- + Review your charging sessions and manage payments
